

MATERIALS MANAGEMENT AND LOCAL ASSISTANCE PROGRAM

**Electronic Waste Recycling Program Workshop on Possible Adjustments to the  
Covered Electronic Waste Recovery and Recycling Payment Rates**

Workshop Agenda

10:00 A.M. to 1:00 P.M.\*, May 25, 2010

Coastal Room, Cal/EPA Building

The Electronic Waste Recycling Act of 2003 (SB 20, Sher), as amended, established a covered electronic waste (CEW) recovery and recycling payment system, administered by the Department of Resources Recycling and Recovery (CalRecycle), in partnership with the Department of Toxic Substances Control (DTSC) and the Board of Equalization (BOE). This system is operated to compensate authorized collectors and recyclers of CEW through standard payment rates designed to offset the average cost of providing recovery and recycling services.

CalRecycle has the responsibility to evaluate the standard statewide CEW recovery and recycling payment rates every two years and to adjust them as warranted to reflect the average net costs of providing the CEW recovery and recycling services prescribed by the Act. The purpose of this workshop is continue discussions on net cost reporting issues and preliminary findings, payment rate considerations, and other industry dynamics affecting the CEW recycling program that were initiated at a workshop held May 12, 2010.

Today's Agenda:

- Welcoming Remarks
- Review of CEW Program Stats
